

"NOTICE TO THE INDIVIDUAL SIGNING THE ILLINOIS

STATUTORY SHORT FORM POWER OF ATTORNEY FOR HEALTH CARE

PLEASE READ THIS NOTICE CAREFULLY. The form that you will be signing is a legal document. It is governed by the Illinois Power of Attorney Act. If there is anything about this form that you do not understand, you should ask a lawyer to explain it to you.

The purpose of this Power of Attorney is to give your designated "agent" broad powers to make health care decisions for you, including the power to require, consent to, or withdraw treatment for any physical or mental condition, and to admit you or discharge you from any hospital, home, or other institution. You may name successor agents under this form, but you may not name co-agents.

This form does not impose a duty upon your agent to make such health care decisions, so it is important that you select an agent who will agree to do this for you and who will make those decisions as you would wish. It is also important to select an agent whom you trust, since you are giving that agent control over your medical decision-making, including end-of-life decisions. Any agent who does act for you has a duty to act in good faith for your benefit and to use due care, competence, and diligence. He or she must also act in accordance with the law and with the statements in this form. Your agent must keep a record of all significant actions taken as your agent.

Unless you specifically limit the period of time that this Power of Attorney will be in effect, your agent may exercise the powers given to him or her throughout your lifetime, even after you become disabled. A court, however, can take away the powers of your agent if it finds that the agent is not acting properly. You may also revoke this Power of Attorney if you wish.

The Powers you give your agent, your right to revoke those powers, and the penalties for violating the law are explained more fully in Sections 4-5, 4-6, and 4-10(c) of the Illinois Power of Attorney Act. This form is a part of that law. The "NOTE" paragraphs throughout this form are instructions.

You are not required to sign this Power of Attorney, but it will not take effect without your signature. You should not sign it if you do not understand everything in it, and what your agent will be able to do if you do sign it.

Please put your initials on the following line indicating that you have read this Notice:

POWER OF ATTORNEY FOR HEALTH CARE

1. I,, (insert name and address of principal) hereby revoke all prior powers of attorney for health care executed by me and appoint: (insert name and address of agent)

(NOTE: You may not name co-agents using this form.)

as my attorney-in-fact (my "agent") to act for me and in my name (in any way I could act in person) to make any and all decisions for me concerning my personal care, medical treatment, hospitalization and health care and to require, withhold or withdraw any type of medical treatment or procedure, even though my death may ensue.

A. My agent shall have the same access to my medical records that I have, including the right to disclose the contents to others.

B. Effective upon my death, my agent has the full power to make an anatomical gift of the following:

(NOTE: Initial one. In the event none of the options are initialed, then it shall be concluded that you do not wish to grant your agent any such authority.)

.... Any organs, tissues, or eyes suitable for transplantation or used for research or education.

.... Specific organs:.....

.... I do not grant my agent authority to make any anatomical gifts.

C. My agent shall also have full power to authorize an autopsy and direct the disposition of my remains. I intend for this power of attorney to be in substantial compliance with Section 10 of the Disposition of Remains Act. All decisions made by my agent with respect to the disposition of my remains, including cremation, shall be binding. I hereby direct any cemetery organization, business operating a crematory or columbarium or both, funeral director or embalmer, or funeral establishment who receives a copy of this document to act under it.

D. I intend for the person named as my agent to be treated as I would be with respect to my rights regarding the use and disclosure of my individually identifiable health information or other medical records, including records or communications governed by the Mental Health and Developmental Disabilities Confidentiality Act. This release authority applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations thereunder. I intend for the person named as my agent to serve as my "personal representative" as that term is defined under HIPAA and regulations thereunder.

(i) The person named as my agent shall have the power to authorize the release of information governed by HIPAA to third parties.

(ii) I authorize any physician, health care professional, dentist, health plan, hospital, clinic, laboratory, pharmacy or other covered health care provider, any insurance company and the Medical Informational Bureau, Inc., or any other health care clearinghouse that has provided treatment or services to me, or that has paid for or is seeking payment for me for such services to give, disclose, and release to the person named as my agent, without restriction, all of my individually identifiable health information and medical records, regarding any past, present, or future medical or mental health condition, including all information relating to the diagnosis and treatment of HIV/AIDS, sexually transmitted diseases, drug or alcohol abuse, and mental illness (including records or communications governed by the Mental Health and Developmental Disabilities Confidentiality Act).

(iii) The authority given to the person named as my agent shall supersede any prior agreement that I may have with my health care providers to restrict access to, or disclosure of, my individually identifiable health information. The authority given to the person named as my agent has no expiration date and shall expire only in the event that I revoke the authority in writing and deliver it to my health care provider.

(NOTE: The above grant of power is intended to be as broad as possible so that your agent will have the authority to make any decision you could make to obtain or terminate any type of health care, including withdrawal of food and water and other life-sustaining measures, if your agent believes such action would be consistent with your intent and desires. If you wish to limit the scope of your agent's powers or prescribe special rules or limit the power to make an anatomical gift, authorize autopsy or dispose of remains, you may do so in the following paragraphs.)

2. The powers granted above shall not include the following powers or shall be subject to the following rules or limitations:

(NOTE: Here you may include any specific limitations you deem appropriate, such as: your own definition of when life-sustaining measures should be withheld; a direction to continue food and fluids or life-sustaining treatment in all events; or instructions to refuse any specific types of treatment that are inconsistent with your religious beliefs or unacceptable to you for any other reason, such as blood transfusion, electro-convulsive therapy, amputation, psychosurgery, voluntary admission to a mental institution, etc.)

.....
.....
.....
.....
.....

(NOTE: The subject of life-sustaining treatment is of particular importance. For your convenience in dealing with that subject, some general statements concerning the withholding or removal of life-sustaining treatment are set forth below. If you agree with one of these statements, you may initial that statement; but do not initial more than one. These

statements serve as guidance for your agent, who shall give careful consideration to the statement you initial when engaging in health care decision-making on your behalf.)

I do not want my life to be prolonged nor do I want life-sustaining treatment to be provided or continued if my agent believes the burdens of the treatment outweigh the expected benefits. I want my agent to consider the relief of suffering, the expense involved and the quality as well as the possible extension of my life in making decisions concerning life-sustaining treatment.

Initialed

I want my life to be prolonged and I want life-sustaining treatment to be provided or continued, unless I am, in the opinion of my attending physician, in accordance with reasonable medical standards at the time of reference, in a state of "permanent unconsciousness" or suffer from an "incurable or irreversible condition" or "terminal condition", as those terms are defined in Section 4-4 of the Illinois Power of Attorney Act. If and when I am in any one of these states or conditions, I want life-sustaining treatment to be withheld or discontinued.

Initialed

I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards without regard to my condition, the chances I have for recovery or the cost of the procedures.

Initialed

(NOTE: This power of attorney may be amended or revoked by you in the manner provided in Section 4-6 of the Illinois Power of Attorney Act.)

3. This power of attorney shall become effective on

.....

.....

(NOTE: Insert a future date or event during your lifetime, such as a court determination of your disability or a written determination by your physician that you are incapacitated, when you want this power to first take effect.)

(NOTE: If you do not amend or revoke this power, or if you do not specify a specific ending date in paragraph 4, it will remain in effect until your death; except that your agent will still have the authority to donate your organs, authorize an autopsy, and dispose of your remains after your death, if you grant that authority to your agent.)

4. This power of attorney shall terminate on

(NOTE: Insert a future date or event, such as a court determination that you are not under a legal disability or a written determination by your physician that you are not incapacitated, if you want this power to terminate prior to your death.)

(NOTE: You cannot use this form to name co-agents. If you wish to name successor agents, insert the names and addresses of the successors in paragraph 5.)

5. If any agent named by me shall die, become incompetent, resign, refuse to accept the office of agent or be unavailable, I name the following (each to act alone and successively, in the order named) as successors to such agent:

.....
.....

For purposes of this paragraph 5, a person shall be considered to be incompetent if and while the person is a minor, or an adjudicated incompetent or disabled person, or the person is unable to give prompt and intelligent consideration to health care matters, as certified by a licensed physician.

(NOTE: If you wish to, you may name your agent as guardian of your person if a court decides that one should be appointed. To do this, retain paragraph 6, and the court will appoint your agent if the court finds that this appointment will serve your best interests and welfare. Strike out paragraph 6 if you do not want your agent to act as guardian.)

6. If a guardian of my person is to be appointed, I nominate the agent acting under this power of attorney as such guardian, to serve without bond or security.

7. I am fully informed as to all the contents of this form and understand the full import of this grant of powers to my agent.

(c) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

(1) The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

(2) The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

(3) The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the agent shall not be personally liable for any services or care contracted for on behalf of the principal.

(4) At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider.

(5) The agent is authorized: to direct that an autopsy be made pursuant to Section 2 of "An Act in relation to autopsy of dead bodies", approved August 13, 1965, including all amendments; to make a disposition of any part or all of the principal's body pursuant to the

Illinois Anatomical Gift Act, as now or hereafter amended; and to direct the disposition of the principal's remains. (Source: P.A. 96-1195, eff. 7-1-11.)
